Subject: RE: iPads and Vessel Recovery Operations
Date: Thursday, September 21, 2017 9:33:32 AM

All,

We spoke with Lt. Fitch, the USCG Deputy Ops Chief here at the ICP. She asked that we leave five iPads at Alpha, five at Bravo, and two at Charlie. Alpha and Bravo will only ever have four teams out simultaneously, so they would like four each, with one as a backup. Charlie will only ever have one team out, so they only need one with one as a backup.

As Jose mentioned, Lt. Phelps will be responsible for the iPads in Bravo. I'm not sure who will be responsible for the iPads in Charlie yet.

Additionally, Alpha only has four iPads, with one still functional, but having intermittent screen issues. Would it be possible to get two of the extra 24 iPads from Bravo and get them down to Alpha?

Thank you very much for your time.

Respectfully,

Cody Bingham

Subject: RE: iPads and Vessel Recovery Operations

Bravo has 24 rental iPads. The Coast Guard Sector Houston has 6 of their own, but prefer to use 4 of our rentals. I will leave the 4 rental iPads with LT Phelps.

I will return 20 of the rental iPads to Danny Newman at our Houston warehouse.

Subject: iPads and Vessel Recovery Operations

All,

The Coast guard has requested that we keep iPads at the branches after Weston/EPA demobilizes from the Harvey response. They are not only using them to collect new points (we get 1-2 every few days), but they use the iPads primarily for the Harvey Viewer to help with situational awareness in the field. The Coasties mentioned that they have come to rely on the viewer in addition to the vessel mapbooks that I am producing in Alpha, and that removing this tool from the field would negatively affect future operations.

Jeff spoke to Gary Moore, and he gave his blessing to allow some iPads to remain in Bravo and Charlie to support coast guard ops.

With that said, we need to know how many iPads are currently in Bravo/Charlie, and how many the Coasties will need to remain for future ops beyond tomorrow. All other iPads can be demobilized

with Weston. Bravo and Charlie, ask your Coast Guard ops personnel to appoint someone who will be accountable for the iPads while operations are continuing. If they have questions, they can contact Chief Simcox here at the ICP. Please teach the person who will be responsible for the iPads the checkin/checkout procedures. We will also need the name and contact information of those individuals in Bravo/Charlie.

Please let me know if you'd like to discuss this matter further.

Thank you all very much for your time.

Respectfully,

Cody Bingham
